

## Your Favorite Source For **Functional Ingredients**

We supply **high quality ingredients** for the manufacture of **dietary supplements**.

**Functional Ingredients** are ingredients that have a **tradition of use as nutraceuticals**.

We are **Fair For Life, Organic, FDA, BBB, GMP, Earth Kosher, Ecocert** and **Non-GMO certified**.

## BOTANICALS

They are ingredients of botanical origin, mainly produced by solvent extractive processes from different parts of botanical species containing bioactive compounds with proven benefits or tradition of use. They are usually sold in powder form (there are also liquid versions for use in syrups, e.g.). Blends are mixtures of several botanical ingredients. Depending on the selectivity of the extraction process, the ingredient can be offered as a ratio or as a standardized.

COMMON NAME	FUNCTIONAL BENEFITS

## VITAMINS & MINERALS

**Vitamins:** They are considered micronutrients, they are elements that are ingested in small quantities and are necessary to maintain a good physiological and metabolic activity of the organism. They are divided into liposoluble vitamins (soluble in fatty medium) and hydrosoluble vitamins (soluble in aqueous medium).

**Minerals:** Some are considered macronutrients and are required in significant quantities (Ca, Cl, Mg, P, Na, K); and others are considered micronutrients and are required in small amounts (Cr, Co, F, I, Fe, Mn, Se, Zn, Mo).

COMMON NAME	FUNCTIONAL BENEFITS
BENFOTIAMINE	Mental and cognitive health, well-being, cardiovascular health, eye health.
D-CHIRO INOSITOL	Women's health, sexual health, well-being.
L-5-METHYLTETRAHYDROFOLATE CALCIUM	Mental and cognitive health, cardiovascular health, energy, women's health.
MENAQUINONE-4	Bones and joints, cardiovascular health, mental and cognitive health.
MENAQUINONE-7	Bones and joints, cardiovascular health.
NIACIN	Energy, cardiovascular health, mental and cognitive health, beauty from within, well-being.
VITAMIN D3 BEADLETS	Bones and joints, immune system, cardiovascular health, mental and cognitive health.

A wide range of nutraceutical ingredients that provide unique health benefits. These ingredients have been selected for their ability to positively influence various functions of the body, such as strengthening the immune system, improving digestive health, supporting mental and emotional well-being, and promoting cardiovascular health. Some ingredients offer powerful antioxidant properties that combat cellular aging, while others help maintain a proper balance of essential nutrients, ensuring comprehensive support for overall well-being.

COMMON NAME	FUNCTIONAL BENEFITS
ACETYL L-CARNITINE HCL	Mental and cognitive health, immune system, muscle health, well-being (sugar blood).
ALPHA-GLYCERYLPHOSPHORYLCHOLINE	Mental and cognitive health, sport nutrition, well-being.
ALPHA LIPOIC ACID	Antioxidant, anti-inflammatory, beauty from within (anti-aging), well-being, mental and cognitive health, weight management, cardiovascular health.
BERBERINE	Cardiovascular health, weight management, well-being, digestive health.
BROMELAIN	Anti-inflammatory, digestive health.
CHONDROITIN SULFATE	Bones and joints.
NATOKINASE	Cardiovascular health, mental and cognitive health.
PHOSPHATIDYLSERINE	Mental and cognitive health, sport nutrition.
QUERCETIN DIHYDRATE	Antioxidant, anti-inflammatory, cardiovascular health, well-being (sugar blood), sport nutrition, immune system, digestive health.
L-CARNITINE BASE	Cardiovascular health, weight management, sport nutrition, muscle health, mental and cognitive health.
L-CARNOSINE	Muscle health, mental and cognitive health, sport nutrition.
R-ALPHA LIPOIC ACID	Antioxidant, anti-inflammatory, beauty from within (anti-aging), well-being, mental and cognitive health, weight management, cardiovascular health.
RESVERATROL	Cardiovascular health, mental and cognitive health.
RUTIN	Antioxidant, cardiovascular health.
SERRATIOPEPTIDASE	Well-being, respiratory health.

**OTHERS**

COMMON NAME	FUNCTIONAL BENEFITS
3,3'-DIINDOLYMETHANE	Sexual health, immune system, bones and joints.
